

# GM IS TRIPLING ITS EMPLOYEE WORKPLACE ELECTRIC VEHICLE CHARGING

**6.5%**

of vehicles on  
the road will be  
electric by 2025.

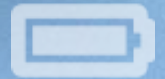

**22.5 MILES**

per day is the average  
commute for drivers.

**OVER 90%**

of EV owners charge  
at home and/or at work.

**1 HOUR**

= time to fully recharge  
from an average  
daily commute.\*

**3,500** ⚡

new charging plugs installed across GM  
U.S. and Canadian facilities.

\*When using a Level 2 charger.
