

## DEAR WORLD LEADERS,

We have all witnessed the humanitarian catastrophe unfolding with the war in Ukraine over the last month. The human cost has been devastating, destroying lives and leading to mass displacement. It is estimated that around **12 million** people currently need assistance as a result of the war in Ukraine. More than **6.5 million** have been displaced internally, and more than **4 million** people have left Ukraine since the invasion started, seeking refuge in neighboring countries, in what UNHCR has called the largest refugee crisis in Europe since World War II.

Even before the Ukrainian refugee crisis, humanitarian agencies and organizations were already facing great strain— globally, more than **100 million** people have been forced to flee their homes and yet relief efforts remain woefully underfunded. Urgent aid for global refugee support is needed.

That's why, we are calling on governments, philanthropists, artists, and businesses to join us and **#StandUpForUkraine**. Billions of dollars must be committed in order to fund current refugee efforts in Ukraine and globally, and it is our hope that you will show your support by committing to the humanitarian agencies, organizations on the ground and to local authorities at the frontline that need it the most. We also must ensure that commitments made are new and additional to already existing spending, so as to not generate or exacerbate other crises in the process of responding to the needs of Ukraine and its neighbors. We must stand together in solidarity with the people of Ukraine and for all refugees and internally displaced people across the world.

Will you **#StandUpForUkraine?**
